EDUCATION

BTech in Computer Science and Engineering (In Progress)

Rai University, Ahmedabad, Gujarat | Aug 2025 – Expected May 2028 | CGPA: 9.00/10

Diploma in Information Technology (Completed)

N. G. Patel Polytechnic, Bardoli, Surat, Gujarat | Aug 2022 – May 2025 | CGPA: 9.23/10

TECHNICAL SKILLS

Languages: JavaScript, Java, Python

Frontend: React, Next.js, HTML, CSS, Bootstrap

Backend: Node.js, Express.js, Spring Boot, FastAPI

Database & ORM: MongoDB, MySQL, PostgreSQL, Mongoose, Prisma ORM

Tools & Cloud: Git, Docker, Postman, Vercel, Render, Jenkins

INTERNSHIP EXPERIENCE

Flutter Developer Intern | LeafDrive IT Solutions, Surat, India | Jun 2024 – Aug 2024

- Built a cross-platform fitness app (Flutter/Firebase) with real-time data sync, user authentication, and core modules

Front-end Developer Intern | Felicity Infotech, Surat, India | Aug 2023 (2 Weeks)

- Built responsive UI components (HTML/CSS/Bootstrap) ensuring cross-browser compatibility.

PROJECTS

GrowMore | Next.js, MongoDB, REST APIs | [GitHub](#) | [Live](#) | [Demo Video](#) | [Api Docs](#)

- Built a full-stack investment platform with secure JWT authentication, live NAV tracking across mutual funds, and SIP return calculators

- Designed REST API endpoints handling real-time NAV data ingestion and computation

Hawaai | React, Spring Boot | [GitHub](#) | [Demo Video](#) | [Api Docs](#)

- Built a real-time e-commerce platform for limited product drops with JWT-secured auth and live countdown/queue system supporting concurrent users per drop

- Implemented smart product discovery, cart/checkout/order flow, and a full admin console for catalog, image, and order management

MyFitness | Flutter, Firebase | [GitHub](#) | [Demo Video](#) | [Api Docs](#)

- Built an Android fitness app with exercise modules, video-guided workouts, and personalized diet planning

- Integrated Firebase for auth, real-time data sync, and [Firestore/Realtime DB] storage across user profiles/screens

HACKATHONS & COMPETITIONS

Odoo x KSV 2026 – Runner-Up, Top 5 of 76 teams [Kadi Sarva Vishwavidyalaya, Gandhinagar, India] | [GitHub](#) | [Demo Video](#)

- Built a full-stack Rental Management System (Next.js, Express.js, PostgreSQL) covering the complete rental lifecycle: booking, payments, security deposits, pickups, returns, and admin operations.

TechHack 2025 – Winner [Rai University, Ahmedabad, India] | [GitHub](#)

- Led a 4-member team to build an AI-powered career coach (n8n, Groq API) that analyzes resumes and matches LinkedIn job listings — built full-stack in an 8-hour hackathon.

Hack The Tank 3.0 2026 – Top 50 of 1000+ Teams [SVNIT Surat, Surat, India] | [GitHub](#) | [Demo Video](#)

- Built a full-stack AI system automating video testimonial collection, Whisper-based transcription, Groq-powered highlight extraction, and automatic reel generation.

ACHIEVEMENTS

- Ranked **12th** university-wide (GTU) and **1st** in college for Semester 1; ranked **2nd** and **4th** in subsequent semesters.

- Top **105** of 5,000+ teams at Odoo x Amalthea 2025 (IIT Gandhinagar).

- Solved **300+** problems on LeetCode
